Equipment Loan Request

November 8, 2026

DealPilot Commercial Lending
Credit Intake Team

RE: Loan Request

To the Credit Team:

We are requesting $125,000 to purchase a CNC wood router, a delivery van, and installation equipment. These assets will expand our capacity for commercial office furniture projects while shortening lead times for existing customers.

We request a 48-month term and would like funding by November 20, 2026. The enclosed package includes identity, formation, EIN, financial, tax, banking, and vendor quote support.

Sincerely,
Maya Elise Carter
